Memorandum

To: All NUCA PA Contractors
From: Brenda Reigle, Executive Director
Date: December 2, 2021
Re: Important Tax Information for the Year 2022

This notice of your 2022 NUCA Membership investment tax deduction eligibility is provided to NUCA members annually. Because the Omnibus Budget Reconciliation Act of 1993 eliminated the tax deductibility of lobbying expenses and introduced new rules affecting tax-exempt organizations that conduct lobbying and political activities, NUCA must estimate the percentage of dues income that will be expended on lobbying activities during 2022. This amount becomes taxable for federal income tax purposes. If our estimates are low, the association could incur penalties.

We have calculated both the NUCA PA and NUCA dues income for 2022 that will be spent on lobbying activities. Therefore, in accordance with the Act, 15% of your NUCA PA and 29% of your NUCA National membership investment will not be deductible for 2022 income tax purposes.
